To Ma'am Fuderanan;

Greetings!

Systems Plus Computer College Foundation Inc. offers student-training courses to its graduating students as one of the vital requirements of its curriculum. The objective of the course is to promote the success of students by providing them with the opportunity to develop knowledge and skills, achieve competency, and by encouraging them to obtain practical experience through on-the-job training. It further exposes them to actual situations in preparation for their future careers after graduation.

In stride to fulfill partnership with nearby organizations, institutions and businesses, we are gladly endorsing the following students to your good office to help us in training them become future professionals as they exhibit their skills and talents in their respective fields.

**JUSTINE CARL CORTES**

**JOSHUA HABAGAT**

We are dearly anticipating your generous consideration in building partnership with us for allowing our student to have their company training in your organization in the near future.

Thank you very much and we wish you all the best!

Respectfully,

  
**JANN KHARLA R. GULARIZA**  
On-the-Job Training Adviser
